

Non-smoking Policy

1. Smoking not only adversely affects the health of smokers, it also affects the health of persons nearby through passive smoke inhalation. Careless disposal of cigarette butts poses a fire hazard.
2. The Hong Kong Academy for Performing Arts is a smoke-free Campus, both indoors and outdoors, aiming at maintaining a safe and healthy environment for staff, students and visitors.
3. The Academy will promote reduction of tobacco use and well-being of people, to tie in with the Government's goal of achieving the "tobacco endgame" in Hong Kong.
4. In accordance with the Smoking (Public Health) Ordinance, a smoking act means smoking or carrying a lighted cigarette, cigar, pipe or an activated alternative smoking product, e.g. electronic smoking products or heated tobacco products.
5. Staff and students should comply with the Ordinance at all times on Campus and play a part in implementing smoke-free measures on Campus.
